

Together with God.

When we can't get to Church here is a suggestion for creating a Prayer Space at home, and different creative ways to pray everyday...

Title # 7: Prayer.

Creating a Prayer Space reminds everyone in the household that prayer is an important part of everyday life. When you create a Prayer Space in your home, you are always reminded of God's presence, while also making a connection between Church and home. Such a space can be created using the centre or an end of the dining table, on an end table or coffee table, on a windowsill or shelf.

Here are some prayer activities which can be made to do:

1. Hope Blossoms: Flower Prayers.

Draw a flower outline on some paper and cut it out. Draw the things you want to pray for on the petals – maybe the names of people who you love or care about. Fold the petals in. Get some water – you could do this with a bowl of water, in a bath or even a paddling pool. Drop the folded flower into the water and patiently wait for it to unfold – as you pray your prayer. What do you hope for?

2. Post It Prayers

If you have any post it notes, write your prayers on and stick them to a wall, or in a notebook, as a special prayer space.

3. Rainbow Picture Prayer. Paint or draw a rainbow:

On each colour of the rainbow write something you want to pray for. It could be family, friends, pets, NHS, key workers, Church family, school, work, finances... Stick up your rainbow where you will see it and be reminded to pray.

Worship Songs to help us focus:

Sanctus Real: With Confidence.
